THE GREATEST PATRIOTIC FILM

Edward Everett Hale's Immortal "The Man Without a Country," Wigwam.

The Wigwam today offers the most timely film of the whole year. It is the picture of Edward Everett Hale's "The Man Without a Country." The story of the young American, "Phillip Nolan," is too well known to need retelling. Every school boy and girl has read it or heard it discussed in school. Coming at this time when the subject of war is paramount, its presentation strikes a powerful chord. It is an inspiration for patriotic and a slap at the slacker. The production is modernized and deals with a like young American who falls to do his duty. He reads the story of "The Man Without a Country" and thus the Edward Everett Hale classic is embodied in a modern story and strikingly pictured. It is presented by the Jewel company, which enters nothing but the best of the American film to the mainline.

ALHAMBRA—HARRY BURGAR.—All of the Sub-Dub stories by Mary Roberts Rinehart that appeared recently in the Saturday Evening Post, are highly entertaining when transferred to the screen. ROTARY FAVORS BONDS FOR ROAD

Members Sign Petition Asking for Rebuilding of Ysleta Highway.

Rotarians were practically unanimous in the endorsement at their luncheon Wednesday at the Sheldon, of a proposition to issue \$250,000 in bonds for the purpose of reconstructing the road from Ysleta to El Paso and from El Paso to the Santa Fe crossing north of the city; also for the purpose of building a macadam road from Fort Bliss north to Newman, N. M., to connect with a road the people of New Mexico will build down through Organo from Alamogordo.

Judge Adrian Pool, chairman of the good roads committee, presented to the Rotarians a petition asking the county commissioners to order an election for the bonds. Practically all of the 100 Rotarians present signed the petition.

Present Road a Disgrace.—The road between Ysleta and the Santa Fe crossing north of El Paso is a disgrace to the county, to the city and to every El Pasoan, said Judge Pool. The people of Culberson county have had enough of the road. The road is a disgrace to the county and to the city. The road is a disgrace to the county and to the city.

A feature of the meeting was an address on Thanksgiving by Rev. Father Swift, of St. Clemente's Episcopal church. He made a Thanksgiving collection following the address, for the Red Cross. All the Rotarians also gave. The collection was \$100.00.

Thanksgiving—Its Purpose.—A feeling of thanksgiving is spontaneous to the hearts of men in America, and is becoming to be in America, thankful for what they are. The feeling is spontaneous to the hearts of men in America, and is becoming to be in America, thankful for what they are.

President Robert Krausner then called on Rotarians to tell why they are thankful. His address and following were typical replies:

W. H. Shelton.—That I have no complaints to make.

Rabbi Martin Zelenka.—That I am an American citizen.

George H. LeBaron.—That I have a beautiful home in the national fuel administrator.

Rev. Charles L. Overstreet.—That I am a member of the Rotary club.

DeKette Smith.—That Ray McClinton has not thrown his ball into my crumpley store.

A. Frazer.—That winter is coming.

W. R. Wagner.—That gasoline has not advanced during the past two days.

A. E. Hawkins.—That I came to America.

At the conclusion of the Thanksgiving expressions of J. R. Segal objected to the list of speakers. Mr. Segal was heard by Mr. Swift, saying that each has a different line of talk and there should be a separate classification for each.

Rabbi Zelenka then introduced a new Rotarian, A. H. Woods, explaining to him that Rotary means service. President Robert Krausner read President Wilson's Thanksgiving message, as also several extracts from Rotary literature.

Give Home \$23.25.—The annual Thanksgiving offering for the Home home, was taken. Rev. Mr. Overstreet, speaking while the fund was being collected, said that there is no institution more worthy and needy than the Home home. At the conclusion of the collection, Mr. Martin explained that in future distributions of money donated to the home would be made under the supervision of a local committee, arranged for by the Home home.

NUMBER OF WOMEN WAGE EARNERS GROWING LARGER.—More than one-tenth of the married women of the United States were engaged in gainful pursuits in 1910, and over twenty-five per cent. of all women sixteen years old or over, were wage-earners, business women, etc. Since the war the percentage has greatly increased. Many of such women are better adapted for work in shop, factory or office than are the men, if it were not for the sufferings, the burdens and the weaknesses of the sex.

A Helping Hand.—A helping hand to lift up weak, tired, overtaxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablets. It's a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial, and bracing nerve; purely vegetable, non-alcoholic, and perfectly harmless. It regulates and promotes the proper functions of womanhood, and is a herbal tonic that improves digestion, enriches the blood, dispels aches and pains, melancholy and nervousness, brings refreshing sleep, and restores health and strength.

What's the use of "trying this" and "trying that" when here is a remedy that has proven its merits by nearly 50 years of approval? In the derangements, irregularities, and weaknesses peculiar to women, internal inflammation and ulceration, weak back, and kindred ailments, the "Favorite Prescription" numbers its testimonials of cures by the thousand. In tablet-form 60¢ at all drug stores.—Adv.

There Never Has Been So Much To Be Thankful For!

IT'S when you have big things to do that you are most deeply thankful for the power and courage that helps you to attain your ends.

Our country has a big work to perform, and this Thursday we ought to be thankful that we have the power, courage, and unity of purpose to make this world—in President Wilson's undying words—Safe for Democracy.

Mothers and fathers who have sons in the army or navy, or daughters in the Red Cross service, should be proud and thankful that they can give so much to our great cause; the nation is proud to have such manhood and womanhood.

Those who bought Liberty Bonds are thankful that the opportunity has been given them to serve.

Then there's business. Men can serve by selling good, dependable merchandise and by giving good values; that's what we're doing.

When all is said and done, this country has never had more to be thankful for—for this is a year when we can appreciate our blessings, in greater measure than ever before.

In the case of children, Calomel is usually sufficient unless the case is particularly severe.

Physicians say that it is a waste of time and is dangerous to experiment with other laxatives, as calomel is absolutely necessary sooner or later. One Calomel on the tongue at bed time with a swallow of water—that's all. No salts, no nausea, no the slightest interference with diet, work or pleasure.

Next morning your cold has vanished and your whole system is purified and refreshed. Calomel is sold only in original sealed packages. Price thirty-five cents. Recommended and guaranteed by druggists everywhere. Price refunded if you are not delighted.—Adv.
